

## WE NEED YOUR HELP! YOUR "TRASH" COULD BE OUR TREASURE.

### Dear Restaurant Owners;

Do you have any extra kitchen equipment that is not in use? Pots, pans, dish or flatware? Are you overwhelmed with more spatulas, knives and can openers than you can possibly use?

### Well, we have a kitchen window, but nothing to toss out of it!

Primeplus Norfolk Senior Center has been successful in applying for a grant which funds preparation home-cooked meals for the Adult Day Services Program participants.

This program provides respite services for caregivers whose loved ones have dementia, Alzheimer's disease or other health issues and/or special needs and require supervision.

**Adult Day Services keeps people out of nursing homes, living with their families for as long as possible.** Home-cooking offers an appetizing alternative to packaged home-delivered meals now in use.

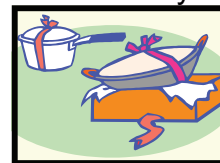

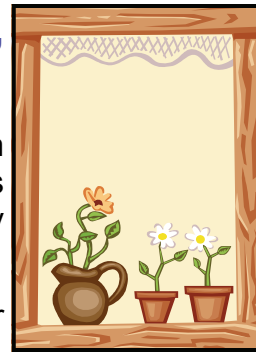

We have a kitchen, we have grocery money, BUT we don't have any small kitchen equipment needed to run a kitchen. Can you help?
